PROFESSIONAL SUMMARY

Full Stack Developer with 2 years of experience developing scalable web applications using React.js, Node.js, Express.js, MongoDB, and MySQL. Skilled in RESTful API development, third-party API integration, JWT authentication, performance optimization, and application deployment. Experienced in building responsive, secure, and maintainable applications using modern development practices.

SKILLS

Language: C++, JavaScript(ES6+), Python

Frontend: HTML5, CSS3, React.js, Tailwind CSS

Backend: Node.js, Express.js, RESTful APIs, Django

Databases: MongoDB, MySQL, PostreSQL

Tools & Platforms: Git, GitHub, Postman, Stripe, PayPal

Deployment: Vercel, Hostinger, Render

WORK EXPERIENCE

i-Next Web Technologies Pvt. Ltd.
Apr 2025 – Sep 2026

Full Stack Developer — *Chandigarh*

- Developed scalable full-stack web applications using React.js, Node.js, Express.js, MongoDB, and MySQL by building reusable components and secure RESTful APIs while following clean coding practices.
- Integrated Shopify APIs, developed a Canva-like drag-and-drop product customization interface, and implemented PayPal payment integration with automated email notifications, improving user experience.
- Optimized application performance using lazy loading, efficient database queries, and API optimization; deployed applications on Hostinger and managed version control using Git/GitHub in an Agile development environment.

DXC Technology
June 2023 – Nov 2023

Associate Software Engineer Intern — *Chennai, Tamil Nadu*

- Completed Full Stack Development training, gaining hands-on experience with HTML, CSS, JavaScript, Node.js, and MySQL.

PROJECTS

Spice Affair – E-commerce Product Customization Platform

- Developed RESTful APIs using Node.js, Express.js, and Shopify APIs to manage products, collections, tags, and stored product data in MongoDB.
- Built a React.js Canva-like drag-and-drop product customization interface and integrated PayPal payment gateway with automated email notifications.

Yellow House HR Management System

- Developed employee scheduling, notification, and vehicle management modules using React.js, Node.js, Express.js, and MySQL.
- Built RESTful APIs, integrated Google Forms with automated CV generation, and optimized the application for mobile responsiveness.

EDUCATION

Lovely Professional University, Punjab
2019 – 2023

B.Tech - Computer Science and Engineering - ***CGPA - 7.25*** — *Phagwara, Punjab*
